STIMULATES YOUR BEAUTY

The world leader in cellular stimulation with CelluM6®, has created for you

Lipomassage™

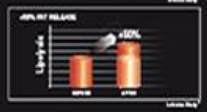
THE BALANCE BETWEEN THE PRODUCTION AND ELIMINATION OF FAT IS A NATURAL PROCESS INVOLVING SLIMMING CELLS (ADIPOCYTES). DESPITE IDEAL PERSONAL HEALTH PRACTICES AND REGULAR PHYSICAL ACTIVITY, THE PROCESS OF STORING FAT TENDS TO INCREASE OVER TIME. THIS RESULTS IN THE APPEARANCE OF EXCESS FAT AND CELLULITE.

Lipomassage™

This patented slimming technique reactivates the fat release process (lipolysis) to erase localized fat and imperfections.

LPG Roll's mechanical stimulation triggers deep biological responses: reactivation of fat release and collagen and elastin production.

RESULTS: A more refined figure and naturally firmer, smoother skin.



Your Lipomassage™ Program

After a personalized evaluation of your figure and beauty goals, your specialist will propose a custom treatment program. This patented, 100% natural slimming technique is absolutely pain-free.
